

Terry Inder

Terry started with Newfoundland Telephone in 1974 as an Inside Plant Technician in Corner Brook, Newfoundland. He progressed through several Network and System Development roles over the years and finished his career in 2004 as a Senior Business Analyst following the merger of the four Maritime telephone companies in 2000 who became known as Aliant Telecom.

Post retirement Terry was involved in the Auto Sales, Real Estate, Mortgage Broker and IT industries and currently provides accounting support to several businesses in Newfoundland. He is also involved in the Aliant BPG Chapter committee as well as the CARP-NL executive.

Throughout this journey Terry will tell you that he has met and worked with some fabulous people, and this continues to be very true for the current BPG Board, Committee and Chapter volunteers.
