

Barry Zimmermann joined the Board in April 2019 as the BPG-Ontario Central WebMaster, after assisting the previous Webmaster for a few weeks.

Barry worked at Bell for 32 years, starting as a Co-op Engineering student from the University of Waterloo in 1979. He took a brief leave to complete his MBA. He has worked in several areas in Bell, starting as a Customer Systems Engineer in CCG, moving to Software Engineering in NSG, Transport Equipment Engineering, Network Architecture, and ending in Corporate Security.
